

# Questionary

## The Game of Smart Questions

Made in USA and winner of multiple awards, Questionary is not only the funniest party game you have ever played, it is also educational for young minds.

's funniest party game

The basic concept is very simple. You pick a card that has a word on it. Your team has to guess the word within 90 seconds by asking you any question and as many questions as they like. But the catch is, you can only answer in "Yes" and "No". A few more answers like "Maybe" or "I don't know" are allowed too. If your team cracks the word, it wins and rolls a dice to move its pawn on the scoreboard.

Made in USA

There is nothing to draw or perform, and even the shyest people want to play Questionary again and again!
